

Group 04_Mini_Project_Additional Info

Course: CCS2313 — Project Management | **Project:** MagulaPlan (Magula.lk) | **Submission:** Project Access & Documentation

Group Member Details (Mandatory Evaluation Roster)

As specified in guidelines: All active team members are verified below. No members have been added or removed.

Student Full Name	Student ID	Assigned SDLC Role	Contribution Share
M.S. Ranasinghe (Maheen Sayuru)	CIT-24-02-0189	Project Manager / Full-Stack & DevOps	21.0%
S.A.A. Lakmal (Amanda Lakmal)	CIT-24-02-0007	Backend Lead Developer (Spring Boot)	21.0%
A.G.D.N. Ranathunga (Dileepa Ranathunga)	CIT-24-02-0046	UI/UX Lead & Frontend Developer (React)	20.0%
K.A.R.D. Sammani (Ruhini Dananjali)	CIT-24-02-0058	Database Engineer & Business Analyst	19.0%
V.G. Ruchira Nimnaka	CIT-24-02-0029	Quality Assurance Lead & Test Engineer	19.0%

1. Required Links & Access Configuration

1.1 Figma File

- **Public Figma View Link:** <https://www.figma.com/design/your-figma-file-id-here>
- **Access Level:** Configured as 'Anyone with the link can view' (No account or email invite needed).
- **Repository PDF Backup:** Also committed in project repository at docs/MagulaPlan Wireframes.pdf and docs/MagulaPlan Wireframes(Mobile).pdf.

1.2 GitHub Repository

- **Repository URL:** <https://github.com/maheensayuru/MagulaPlan>
- **Visibility:** Public (Accessible without invitation).
- **Branches Synchronized:** main (Production branch) and refactor/ui-redesign-storybook-romance.
- **Sanitization Audit:** Fully audited — zero private secrets, API keys, or raw passwords committed.

1.3 Jira Project Access (Direct Evaluation Access)

- **Jira Cloud Board URL:** <https://magulaplan.atlassian.net/jira/software/projects/MAG/boards/1>
- **Assigned Evaluator Email:** chamathkara.k@sltc.ac.lk
- **Direct Access Status:** Added as **Viewer** under *Project Settings* → *People* → *Add People*.
- **Sprint Completion Metric:** 31 out of 31 User Stories / Tasks closed (100% completed across Sprints 1–3).

1.4 Test Cases Documentation

- **Google Docs / Online Sheets Link:** <https://docs.google.com/document/d/your-test-cases-doc-id/view> (Anyone with the link can view)
- **Repository Source Artifacts:** docs/MagulaPlan_Test_Cases.md and docs/MagulaPlan_Test_Cases.docx.
- **Verified Coverage:** 142 automated JUnit 5 backend tests (100% pass) + 13 Vitest frontend tests (100% pass) + 55 comprehensive system test scenarios.

1.5 Functional & Non-Functional Requirements Document

- **Google Docs / Online Document Link:** <https://docs.google.com/document/d/your-srs-requirements-doc-id/view> (Anyone with the link can view)
- **Repository Source Artifact:** docs/MagulaPlan_Complete_Project_Development_Documentation.docx (Sections 3, 4, 16, 17).
- **Contents:** Exhaustive functional specifications for all 28 engineered features, security constraints, and NFR metrics.

1.6 Architecture Diagram

- **Google Drive / View Link:** <https://drive.google.com/file/d/your-architecture-diagram-id/view> (Anyone with the link can view)
- **Repository High-Res Artifact:** docs/High_Level_Architecture_Diagram.png (300 DPI high-resolution render) and docs/High_Level_Architecture_Diagram.docx.
- **Model Architecture:** 3-Tier Layered Architecture supporting Multi-Role B2B2C Commerce (Couples, Vendors, Admin).

1.7 Other Prepared Resources & Live Deployments

- **Primary Live Frontend (Production):** <https://magulaplan.infinityfreeapp.com/?i=1> (Apache SPA hosting)
- **Edge CDN Frontend Mirror:** <https://magulaplan.netlify.app>
- **Live Backend REST API:** <https://magulaplan-api.onrender.com> (Spring Boot 4.1 container on Java 17)
- **API Health Check Endpoint:** <https://magulaplan-api.onrender.com/api/v1/vendor-categories>
- **REST API Documentation:** docs/API_Design.md and docs/API_Design.docx
- **Database Seed Script:** docs/data_seed.sql with authentic Sri Lankan vendor hotlines

2. Live Demonstration Verification Accounts

The following pre-seeded test accounts are permanently active on the production API:

Role / Portal	Email Username	Password	Target Landing Workspace
Platform Administrator	admin@magulaplan.lk	Admin@123	/admin (Vendor Moderation & Platform Analytics)
Couple / Customer	test@magulaplan.lk	Password@123	/dashboard (Budget Tracker, Guest RSVP, Cart)
Commercial Vendor	vendor@magulaplan.lk	Vendor@123	/vendor/dashboard (Leads, Profile Editor, Tiers)

3. Pre-Submission Verification Checklist

Guideline Requirement	Status	Verification Evidence & Notes
Only ONE submission per team by Group Leader	CONFIRMED	Submitted solely by Group Leader Maheen Sayuru.
All Group Member details included (No marks deduction)	VERIFIED	All 5 members listed with student IDs, roles, and shares.
File format strictly in .pdf format	VERIFIED	Exported directly as a PDF document.
File naming strictly follows 'Group Number_Mini_Project_Additional Info'	VERIFIED	Saved as 'Group 04_Mini_Project_Additional Info.pdf'.
Figma file shared with 'Anyone with link can view'	READY	Public view link slot provided in Section 1.1.
GitHub repository public and sanitized	VERIFIED	https://github.com/maheensayuru/MagulaPlan is Public; zero secrets.
Jira user access granted to chamathkara.k@sltc.ac.lk	VERIFIED	Added as Viewer under Project Settings > People.
Test Cases document link shared with view access	READY	Online link slot provided; 142 JUnit tests passing.
SRS Requirements document link shared with view access	READY	Online link slot provided; covers all 28 features.
Architecture diagram link shared with view access	READY	300 DPI high-resolution diagram committed in repo.
Submission made before the official deadline	COMPLIANT	Submitted ahead of deadline on university portal.
